

## Beaded Tiara

You will need:

1 Tiara Band  
Selection Of Beads  
Beading Wire

1. Wrap your around the top of the Tiara base neatly a few times to secure.
2. Thread onto the wire 3 beads as shown in the pic followed by a seed bead, then thread the wire back through the 3 large beads and twist around the Tiara to secure in place.
3. Add another bead, hold it at the height required and twist the wire which will hold it in place.
4. Continue adding beads until you have the design as shown, or one of your own.
5. Repeat your design on the opposite side.
6. Secure some wire through the hole in the end of the Tiara and wrap the wire up the base approx 3 inches.
7. Thread on some Sz 8 Hex Beads.
8. Twist the beaded wire around the band and through your bead design.
9. Continue twisting the beaded wire a little past your design and wrap the wire round the band a few times to secure.
