

Indian Style Wrap Bangle

You will need:

- 1 Memory Wire Bracelet Coil
- 2 Memory Wire Bead Caps
- 20g Mini Indian Bead Mix
- 5g Seed Beads

1. Glue a bead cap onto the end of the Memory Wire (it is important to use a good quality, fast setting superglue – cheaper glues will taint your beads)
2. Glue a seed bead next to the capping bead to give it extra strength.

3. Start threading the Indian Mini Bead mix on, alternating it with a seed bead – make a nice random design. Continue until all the wire is covered.

4. Holding the beads on tight, glue a memory cap to the end.

5. Wear with pride !
