

You will need:

Spiral Earrings

36cm Coloured (Not Covered) Wire
2 Earring Wires
2 x 6mm Beads
12 x Large Seed Beads

1. Cut the wire into two x 18cm pieces.
2. Using one piece and some long-nose pliers, form the end into a rough loop.
3. Hand curl the wire into a rough coil, leaving a straight piece of approx 3cm (as shown in 2nd picture)
4. Take a hammer and hammer the coil to get an interesting textured effect.
5. Thread on three small beads, pushing them to the bottom of the coil.
6. Bend the wire immediately after the coil into a sharp right-angle, then thread on the larger bead followed by three small beads.
7. Form a loop in the excess wire with some round-nose pliers and hook onto an earring wire.
8. Repeat for the second earring, wear and show off with pride !
