

## Wine Bottle Charm

### You will need:

- 1 Bottle Beading Station
- ½ m Continuous Curb Chain
- 4 Heart Charms
- 4 Head Pins
- 4 Cloisonné Diamond Beads
- 4 or 6mm glass beads
- Seed Beads

1. Remove four links from the chain then cut the rest into 4 equal lengths – make sure there is an odd number of links.

2. Using one of the four links attach a heart charm to the centre of one piece of chain. Repeat for the other three.

3. Attach the chain to the wine bottle beading station at each of the four loops.

4. Repeat with other chains until all are attached to the beading station.

5. Onto a head pin string on a seed bead / a Cloisonné Diamond / 2 seed beads / 4mm glass bead. Bend the wire over and trim, leaving enough to form a loop.

6. Add the beaded pin to one of the beading loops on the wine bottle station. Repeat with the other 4 pins.

7. Repeat with the other 3 pins. Your station should now look like this. Pop it over the neck of a wine bottle.
